**Enclosure: Revised Business Update Release.**

## Revised Business Update Release

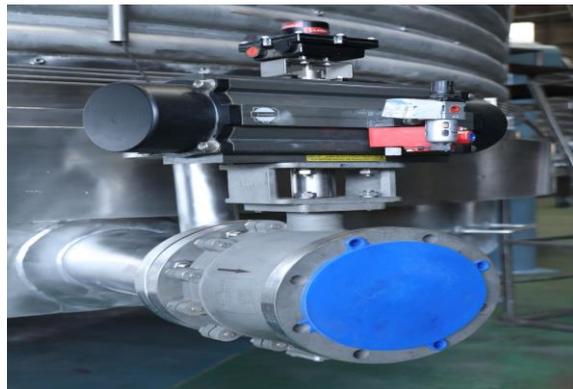

**BEW has manufactured the World's largest ANF (Agitated Nutsche Filter) with drying option of 32 KL (Gross Volume) Capacity.**

**The provision of Twist Lock Teethed Bayonet Ring is provided for easy and smooth detachment of the bottom bed.**

**Mumbai, 4<sup>th</sup> June 2024:** BEW Engineering - Among leading designer & manufacturer of process equipment for Pharmaceutical & Chemical Industry, is pleased to announce that the Company has successfully manufactured the World's largest ANF (Agitated Nutsche Filter) with Drying option of 32 KL (Gross Volume) Capacity with provision of Twist Lock Teethed Bayonet Ring is provided for easy and smooth detachment of the bottom bed. Critical operations like Washing, Filtration and Drying can be efficiently and easily carried out in this ANF.

Sulphites are purified and dried to form crystals or powder. Sulphites are primarily used in the food and beverage industry as well as in the medication sector due to their antioxidant properties. Additionally, sulphites find applications in the pharmaceutical industry, agro-chemicals, and agro-specialty chemicals sectors. Their abilities makes them valuable across these diverse fields.

To ensure consistent quality, efficient and high-quality washing, filtration, and drying processes are paramount. Meeting the growing market demand for sulphites necessitates an increase in production capacity.

### Management Comment:

Commenting on this development, **Mr. Prakash Lade, Chairman, BEW Engineering Limited** said:

*"I am delighted to share yet another exciting milestone in our journey of innovation and growth. BEW Engineering Ltd has successfully delivered and installed **the World's largest ANF (Agitated Nutsche Filter) with drying option of 32 KL (Gross Volume) Capacity. The provision of Twist Lock Teethed Bayonet Ring is provided for easy and smooth detachment of the bottom bed.***

*We are very happy to announce that we are about to export this ANF to one of the leading manufacturers of sulphites. We express our sincere gratitude to our esteemed customer for entrusting BEW with this significant opportunity, and we extend our heartfelt appreciation to our dedicated employees for their unwavering commitment and efforts in ensuring the successful execution of this challenging endeavor.*

*This accomplishment fills me with immense pride and joy. It represents another stride forward in our mission to become a recognized player on the international stage. Our journey does not end here; we envision this achievement as a stepping-stone towards expanding our order book and enhancing our reputation in the global market. Our brand is being recognized not only for quality but also for our ability to deliver cutting-edge solutions that make a difference.*

*I also want to express my profound appreciation to our dedicated team at BEW Engineering Ltd. Your hard work, expertise, and relentless pursuit of excellence have made this achievement possible."*
